Kasetsart Journal of Social Sciences is published by the Kasetsart University Research and Development Institute (KURDI) under the authorization of Kasetsart University to serve the interests of both Thai and international social scientists and researchers. The aim is to publish high quality research papers in various areas of social science, such as social and development studies, humanities, education and economics. The Journal is published as a periodical, with four issues annually in January, April, July, and October and is distributed both within Thailand and overseas.

Contributions to the Journal can be made as either a research article or a review article.

**1. A research article** presents new knowledge and issues discovered from research originally conducted by the authors.

**2. A review article** elaborates on particular matters grounded from scholarly analysis and synthesis, with accurate references, of a wide range of sources, including theories, concepts and research publications.

It will be assumed that submitted manuscripts have not been published elsewhere, and they are not currently being considered by another journal.

KJSS reserves the right not to publish the article by the same author (s) more than once within one year, so as to give other authors a chance to get published, and in order to maintain diversity of authors, topics, theories and methodology.
